EXPERIENCE

Senior Software Engineer — Accenture | Chicago, IL | 2018–Present

Backend development for enterprise clients including retail and CPG companies. Java, Python, AWS, distributed systems. Worked adjacent to digital marketing teams on data pipeline projects that fed into ad platforms including Google Ads. No hands-on advertising management experience.

Software Engineer — Infosys | Chicago, IL | 2015–2018

Java development. Client projects in financial services.

EDUCATION

B.S. Computer Science | University of Illinois Urbana-Champaign | 2015

M.S. Computer Science | Illinois Institute of Technology | 2017

SKILLS

Java, Python, AWS, GCP, SQL, Docker, Kubernetes, Spark, Hadoop, REST APIs

Adjacent familiarity with ad tech ecosystem from data engineering work

NOTE: I am transitioning into digital advertising/adtech from software engineering. I have strong technical skills but no direct advertising platform management or client-facing sales experience. Interested in roles that blend technical depth with client engagement.
