Professional Experience

Digital Media Manager | OMD | Chicago, IL | 2022–Present

Manage integrated digital media plans for retail clients including paid search in SA360. Work on accounts with \$8M–\$15M in annual digital spend. Client contact for weekly status and monthly performance reporting. Collaborate with search, social, and programmatic specialists on campaign execution.

Note: While I handle integrated planning and client management, dedicated search specialists handle day-to-day SA360 optimization — my SA360 exposure is functional but not deep.

Developed digital media strategies for CPG and retail clients. Supported account team on search, display, and social channels. Gained exposure to SA360 through media reviews and cross-channel planning.
